Superintendent Tim Shipp was invited to join.

Board received Shipp's recommendation regarding hiring employee Salzmann, who was originally hired on a 60-90 day temporary basis.

He suggested although Salzmann would be a good permanent addition, he felt the board should wait until he can acquire his CDL. The board agreed.. Shipp left at 8:40pm.

President Lanham recapped two interviews she had with Annette Carper and Brandon Simpson, both interested in filling the vacant Trustee position that was created by Lanham when she became President.

After discussion of both candidates, a straw poll vote was taken.

No further discussion - returned to Regular Open session at 8:52 pm and the Board continued the meeting.
